

## International Call for Female Artisans and Designers

BWSS is giving female artisans the opportunity to gain experience in today's market while giving exposure to original works of wearable artwork. Three artisans will be featured each month and their designs will be showcased at our Yaletown Boutique *My Sister's Closet* at 1092 Seymour Street.

Women from diverse cultural and social backgrounds will benefit by doing what they love. Contact us if your passion is creating beautiful and unique art apparel.

Send a short description  
and photos of your work
