

What you think matters to us

Are you a Farsi-speaking woman? Do you want to help other women in your own community? Are you willing to share your thoughts and opinions with us or to educate and train yourself on the following topics?

- Intimate relationship concerns
- Canadian Legal system (Family Law, Criminal Law)
- Available community resources

If so, please contact **Marjaneh** to register for our focus group meeting at **604-687-1867 ext: 323** E: marjaneh@bwss.org

This focus group is made to address the needs of Farsi-speaking women. Your input, comments, and your knowledge are extremely important to us. By taking part in this meeting and informing us about your learning needs and your main areas of concerns, we would be able to design and provide a series of specialized workshops for immigrant Farsi-Speaking women. **Please keep posted!**

Organized by Battered Women's Support Services with the support of Iranian Educators Society for Families
